

Silver Springs Farms – Bulls for Sale 2023

Photos by Crown Point Photo

$\frac{3}{4}$ Simmental, $\frac{1}{4}$ Red Angus

JJMC 142K

Red H2R Profitbuilder B403 son

Calving Ease, Growth and Milk all in one package.

Red Angus

RUA 601K

Son of our “Messmer Packer” herdsire

He brings calving ease and growth. We like the females that his sire has produced for us and we have kept every female that his dam has produced

Red Angus

RUA 20K

Red H2R Profit Builder B403 x Dam Sire: Detour

Who says that you can't have calving ease and growth together?

Simmental

JJMC 323K

Kuntz Sheriff 8A grandson

A very moderate framed Simmental with calving ease

25/32 Simmental , 1/8 Red Angus

TREH 3K

WS Epic E152 son x Hooks Trinity 9T dam

He has calving ease, growth, full of muscle and is a real gentleman.

19/32 Simmental, 3/8 Red Angus

JJMC 11K

WS Epic E152 son

He carries the “Epic” stamp of calving ease, growth, thickness of muscle and excellent temperament. Dam’s sire has proved his calving ease for us over 6 calf crops bred to heifers.

Simmental

JJMC 31K

WS Epic E152 son

He is built just like his brother JJMC 31J from last year and with the same numbers that we like. Good calving, great growth from a cow family that produces great replacements.

½ Red Angus, ¼ Simmental, ¼ Charolais

CC 1K

Not hard to spot in our pen. He stands out no matter what colour he is.

Bred Heifers for Sale

They will be bred to an easy calving Red Angus bull for spring calving. Order early for pick and we can arrange calving time to suit your needs.
